FEDERAL COMMUNICATIONS COMMISSION

PETITION FOR RULE MAKING

Maurice Salsa (Petitioner), pursuant to 47 C.F.R. 1.401, hereby requests the commission to amend section 73.202 (b) of its rules, the FM Table of Allotments, to allot channel 281A (104.1 Mhz) at Ossineke, Michigan.

DISCUSSION

Ossineke, Michigan is an incorporated township of over 480 people. Petitioner respectfully submits that the public interest would be served by allocating Channel 281A to Ossineke, Michigan, as that community's first aural broadcast transmission service. Ossineke has its own township official, Bill Schunner, its own post office, its own school district, its own township hall and a number of local churches. The proposed channel 281A will provide additional diversity and an outlet for local self-expression to Ossineke residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 281A can be allocated to Ossineke, Michigan consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

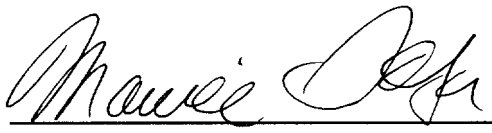

44 55 41 N  
83 36 23 W

Petitioner hereby states that if the commission grants this petition, he will apply for the channel when it is allotted, and, if his application is granted, he will promptly build the station.

WHEREFORE, for the foregoing reasons, Petitioner respectfully requests the commission to grant this petition and to allot channel 281A to Ossineke, Michigan.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

By:
